

Invisible Machine Applique Supply List

Most of the supplies that you'll need are right in your sewing room. A quick trip to the grocery or drug store should be all that's needed to complete the list!

Required Supplies

- Sewing machine in good working order
 1. Open toe applique foot to see where the needle enters the fabric
 2. Zigzag stitch setting of 1.0 wide and 1.0 long
- Thread
 1. Monofilament thread, I like Sew Art and YLI
 2. Cotton for the bobbin, a nice 50 wt like Aurifil or Masterpiece that matches the background fabric
- Scissors for cutting fabric
- Elmer's Washable Glue Stick (goes on purple dries clear)
- Elmer's Glue (the white stuff in a bottle your kids use)
- Parchment paper or applique pressing sheet
- Cuticle stick (a wooden skewer or orange stick also works)
- Iron and ironing surface (cover with fabric scraps or freezer paper to protect it)
- Pencil for tracing designs
- Microtex Sharp needles size 60/8 up to 75/11
- Rinsaway water soluble stabilizer – This stabilizer “falls apart” when washed. **DO NOT** use one that completely dissolves. It will not stand up to the gluing process.
- Applique quilt pattern of your choice with the recommended fabric yardage

Optional Supplies

- Scissors for cutting paper
- Stapler and staples
- Cut and Press board for gluing and ironing templates and shapes
- Straight stitch throat plate for your sewing machine
